**STUDENT HANDOUT**

---

## Phase I Written Exam

---

**Introduction** The Phase I Written Exam will be conducted with the completion of all classroom instruction in Phase I. Students will be given two and a half hours to complete the exam. Students are expected to bring their 1:50,000 Quantico MIM Land Nav SPC, map pens (Black, Blue and Red), protractor, and calculator. The exam will utilize a Quantico G-M angle. The exam will be an individual effort.

**Importance** The Phase I Written Exam will be four percent of a students' overall grade, and will fall under the academics portion of a students' overall grade.

---

The learning objectives outline in this handout will be evaluated on the Phase I Written Exam. Students are expected to review the Learning Objectives in preparation for taking the exam.

**Learning Objectives** Terminal Learning Objectives

TBS-LDR-1015 Given a scenario, apply Marine Corps leadership concepts to accomplish the mission and take care of Marines.

TBS-LDR-2205 Given Marines, materiel, and references, process administrative correspondence to support the unit's mission and recognize Marines.

TBS-OFF-2102 Given a mission, implement Marine Corps Warfighting concepts to accomplish the mission.

TBS-TRNG-2008 Given a Risk Assessment Worksheet RAW, training materials, training plan, and with the aid of references, conduct Risk Management to mitigate risks associated with each training event by identifying and incorporating control measures through the Risk Assessment Worksheet RAW in accordance with the references.

TBS-UCMJ-1003 Given Marines, commander's guidance, and situations covered by the Law of War, enforce the Law of War so Marines conduct themselves in accordance with the Law of War and applicable U.S. policy during all military operations.

TBS-VALU-1001 While part of a unit, demonstrate Marine Corps Core Values, in accordance with MCRP 6-11.

TBS-VALU-1003 Without the aid of references, identify the Marine Corps policy on the use of illegal drugs in accordance with MCO 5300.17.

**Learning  
Objectives  
(Continued)**Enabled Learning Objectives

TBS-VALU-1004 Without the aid of references, identify the Marine Corps policy on alcohol abuse in accordance with MCO 5300.17

TBS-ATFP-2206e Without the aid of references, define deadly force without omission.

TBS-ATFP-2206f Without the aid of references, identify circumstances when deadly force is authorized without error.

TBS-ATFP-2206g Without the aid of references, identify justifications for the use of deadly force without omission.

TBS-COMM-2101g Without the aid of references, identify the role of tactical communications in the MAGTF without error.

TBS-COMM-2101h Without the aid of references, identify the role of command and control in maneuver warfare without error.

TBS-COMM-2101j Without the aid of references, identify the duties of a user of cryptographic controlled items without error.

TBS-CORE-2104b Given a scenario, a mission and a mental estimate of the situation, provide commander's intent to facilitate decentralized operations.

TBS-LDR-1001a Without the aid of references, identify the role of the Red Cross without error.

TBS-LDR-1001b Without the aid of references, identify the role of the Navy-Marine Corps Relief Society without error.

TBS-LDR-1001c Without the aid of references, identify the role of the Marine Corps Family Service Centers without omitting key components.

TBS-LDR-1006a Without the aid of references, identify the elements of the Leave and Earning Statement LES without omission.

TBS-LDR-1015b Without the aid of references, identify the 5 Horizontal Themes without omission.

TBS-LDR-1016a Without the aid of references, define combat without error.

TBS-LDR-2205a With the aid of reference, write a standard Naval letter in accordance with the Naval Correspondence Manual without grammatical or spelling errors.

---

**Learning  
Objectives  
(Continued)**

TBS-LDR-2205e Without the aid of references, identify types of military correspondence without error.

TBS-MED-2102a Given casualties with various types of injuries, and a secure position out of effective enemy fire, prioritize casualties for CASEVAC to prevent further injury or death.

TBS-OFF-2102a Without the aid of references, identify operational graphics without error.

TBS-OFF-2102c Given a mission and a commander's intent, employ operational terms and graphics to completely represent the situation and execution in accordance with MCRP 5-12A.

TBS-OFF-2102f Without the aid of references, define the nature of war in accordance with MCDP 1.

TBS-OFF-2102h Without the aid of references, identify the levels of war in accordance with MCDP 1.

TBS-OFF-2102j Without the aid of references, identify the maneuver warfare concepts in accordance with MCDP

TBS-PAT-1002a Given a military topographic map, identify marginal information without error.

TBS-PAT-1002b Given a military topographic map, identify contour lines without error.

TBS-PAT-1002e Given a military topographic map, protractor, determine/plot grid coordinates to within 30 meters.

TBS-PAT-1002f Given a military topographic map, protractor, string, and paper, determine distance between two points using bar scale within a tolerance of 30 meters.

TBS-PAT-1002g Given a military topographic map, protractor, and two points on a map, determine grid azimuth to within 3 degrees.

TBS-PAT-1002h Given a military topographic map, protractor, a grid or magnetic azimuth, and compass error, convert an azimuth without error.

TBS-PAT-1002n Given two azimuths from known points, or one azimuth and a linear feature, conduct an intersection to determine location of an unknown point to within 50 meters.

TBS-TRNG-2008a Given a Risk Assessment Worksheet (RAW), training materials, training plan, and with the aid of references, identify hazards to mitigate risks associated with each training event.

---

---

**Learning  
Objectives  
(Continued)**

TBS-TRNG-2008b Given a Risk Assessment Worksheet (RAW), training materials, training plan, and with the aid of references, assess hazards to mitigate risks associated with each training event.

TBS-TRNG-2008c Given a Risk Assessment Worksheet (RAW), training materials, training plan, and with the aid of references, determine risk controls to mitigate risks associated with each training event.

TBS-TRNG-2008d Given a Risk Assessment Worksheet (RAW), training materials, training plan, and with the aid of references, determine how to assess effectiveness of risk control to ensure continued safety throughout each training event.

TBS-UCMJ-1003a Without the aid of references, identify the origins of the Law of War without omission.

TBS-UCMJ-1003b Without the aid of references, identify Law of Armed Conflict principles without omission.

TBS-VALU-1002d While part of a Marine Corps unit, make ethical decisions when there is no reference or guidance in accordance with the TBS Five Horizontal Themes.

TBS-VALU-1007b Without the aid of references, identify the purpose of the Marine Corps Hazing policy without omission.

TBS-VALU-1011b Without the aid of references, define sexual harassment without omission.
